John McRae : A Place Near Kolob before purchasing it in order to gage whether or not it would be worth my time, and all praised A Place Near Kolob:

This futuristic thriller, offers a unique view of the earth's final years. Packed with action and suspense, A Place Near Kolob transports us in logical sequence toward mankind's unfathomable new beginning. John McRae has given new life to prophecies recorded through the ages, letting you experience them through the lives of the extraordinary people in this inexorable journey with eternal destiny.

About the AuthorJohn McRae was educated in English schools and has traveled extensively throughout the world. As a writer and producer of trade and educational films and television commercials, Mr. McRae has been frequently honored with top national awards, including the prestigious Emmy award. He has written seven novels, including two sequels to the best-selling novel Fire in the Snow.
