Freytag-Berndt und Artaria : Alpine Countries (Europa) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Alpine Countries (Europa):

0 of 0 people found the following review helpful. it's awesome. Very large and detailedBy PswiftI bought this map to plan a recent vacation. In a word, it's awesome. Very large and detailed, and covers nearly the entire mountain range. I only wish the railways were more prominently demarcated.0 of 0 people found the following review helpful.

Absolutely the best!!By Walter D. EichensehrThis map is the best tool I've ever owned for touring in Europe. I use it for navigating the Alpine areas while skiing and it has no equal. We use a spiral bound Michelin for working along in the car, but this map has everything you need for planning and execution of the sometimes tricky drives from one ski area to the next. Clear, precise,easy to read.0 of 0 people found the following review helpful. Five StarsBy LONGINsuper

Originating from Austria, Freytag maps are amongst of the most precise available. Detailed indexes are provided, making it possible to find even the smallest street. English legend, solid cover and attractive colours.
