By Bourgeois Photography Alternatives to the Peace Corps: A Guide to Global Volunteer Opportunities, 12th Edition I was 75% of the way through the Peace Corps process when I decided to hold off... that was in 2010. I have wanted to do a mission for a long time. I went on a mission trip to Africa in May of 2011. I didn't realize how many options there were for world work travel! This book taught me things about the Peace Corps that I didn't know... right in the first 14 pages they gave me plenty of thoughts to consider and so many other options that I have, to this day, not made a solid decision on who I want to go with. I know at some point in my life I will do this type of assignment but now with all of these other options it gives me great pause. The book talks about all of the things to consider, costs, living, food, getting there, getting around... etc. And more all of the different kinds of organizations there are out there... It helps you look at why you want to go... some thoughts to consider (that's helpful!) For me one of the coolest things was the geographical listings at the back of the book. For example if you knew you wanted to volunteer in Africa, you just turn to the Africa section and it lists organizations there to choose from. Also listed are places for South America and such. Great resource! I have also picked up numerous books like this and I will be doing reviews on them as well. :) Its a relatively inexpensive way to check out lots of places to go to and you have all of the info you need there.

0 of 0 people found the following review helpful. Five Stars By JBought as a gift and they love it.

0 of 3 people found the following review helpful. Five Stars By Kimberly BisnarGreat book I gave this to my daughter and she loved this book.

Make Your Commitment Count! Want to work on a volunteer project that really matters but don't know where to start looking? Alternatives to the Peace Corps is the original resource for finding community-based, grassroots volunteer work—the kind of work that changes the world, one person at a time. Whether you want to volunteer at home or abroad, and whether you can spend two years or two weeks, Alternatives to the Peace Corps will help you find a volunteer experience to match your highest ideals. Thoroughly revised, expanded, and updated in its 12th edition, Alternatives to the Peace Corps has: listings for over 100 carefully selected national and international organizations tips on researching and evaluating organizations help with budgeting and fundraising an extensive resource section full of books, websites, and organizations for further reading and research and much more.

Praise for Alternatives to the Peace Corps An idealist's bible for every dreamer—experienced or inexperienced, well-seasoned or first-time traveler, who wants to do something good in the world. Whole Earth A valuable guide to volunteer projects offering global goodwill and, more importantly, a sense of personal responsibility. Dollars Sense
