Excellent book for everyone!By Christine CampbellI originally purchased this book 7 years ago for my daughter when she was pregnant with her first child. They now have 3 children and use this book all the time. The places are not just for children. They are amazing for adults too. That is why I purchased it for myself. Its a wonderful book for all.0 of 0 people found the following review helpful. This book was in excellent condition and arrived on timeBy Donna BThis book was in excellent condition and arrived on time. It's full of great info if you travel a lot, but I did notice that in local states near where I live, in New Hampshire, it doesn't have Canobie Lake Park in Salem NH (which is an amusement park) and in Maine it doesn't even have York Animal Kingdom which is a big draw for kids in Southern Maine.Donna B1 of 1 people found the following review helpful. Kids loved it!By Jodi AlixThis is the second copy of this book for our house because my children love it so much. My 4 children, ages 2-11, love looking through the destinations, page by page, by viewing the pictures. We vacationed to some of the destinations simply because the kids saw it in the book. There are places available that are cost effective. Great book!
