Henry Morgenthau : Ambassador Morgenthau's story, before purchasing it in order to gage whether or not it would be worth my time, and all praised Ambassador Morgenthau's story,:

0 of 0 people found the following review helpful. Good history review...written by the AmbassadorBy R CI was very disappointed that the version of this book had no drawings or pictures available in the Kindle version.All of the drawings referenced were not visible...a real shame!0 of 0 people found the following review helpful. Five StarsBy Kindle CustomerItem arrived on time and in excellent condition.0 of 0 people found the following review helpful. History repeats itselfBy Harriet EnglerA very interesting background for similar events taking place in the same area today. It left me sad, considering all his efforts and temporary successes- it shows that even with all his efforts not much changed. A lesson, perhaps we need to learn today. The differences between Western Eastern mentality are huge.

This book is a replica, produced from digital images of the original. It was scanned at the University of Toronto Libraries and may contain defects, missing

"The power of Morgenthau's book to move and instruct us eighty years after its publication, " writes Roger Smith in his introduction, "is intimately connected with its truthfulness about the atrocities and the men behind them, but also about the capacities of humans to commit enormous evil with a light heart." The memoir also documents the beginnings of U.S. interest in international human rights as well as patterns and symptoms of genocidal tendencies, foreshadowing most notably the Nazi Holocaust."From the PublisherOriginally published in 1918, "Ambassador Morgenthau's Story" is one of the most insightful and compelling accounts of what became a recurring horror during

the 20th century: ethnic cleansing and genocide. While he served as the U.S. ambassador to the Ottoman Empire under Woodrow Wilson from 1913 to 1916, Henry Morgenthau witnessed the rise of a new nationalism in Turkey, one that declared "Turkey for the Turks." He grew alarmed as he received reports from missionaries and consuls in the interior of Turkey that described deportation and massacre of the Armenians. The ambassador beseeched the U.S. government to intervene, but it refrained, leaving Morgenthau without official leverage. His recourse was to appeal personally to the consciences of Ottoman rulers and their German allies; when that failed, he drew international media attention to the genocide and spearheaded private relief efforts. From the Back Cover Henry Morgenthau was United States ambassador to Ottoman Turkey between 1913 and 1916. In 1914 he witnessed the Ottoman entry into World War I and the genocide of the empire's Armenian population. "Ambassador Morgenthau's Story" was an indictment against the Ottoman leaders for their entry into the world conflict and the mass murder of over a million Armenians. His account was written with the authority of a first-hand observer and remains one of the classic accounts of World War I. "Ambassador Morgenthau's Story" is published as part of the Gomidas Institute Armenian Genocide Documentation Series, alongside "American Diplomacy on the Bosphorus: The Diaries of Ambassador Morgenthau," the systematic collection "United States Diplomatic and Consular Records on the Armenian Genocide," and the British classic "The Treatment of Armenians in the Ottoman Empire, 1915" (uncensored edition). Cover photo: Henry Morgenthau (in white tie and top hat) talking to Enver Pasha, the Minister of War, at the funeral of German ambassador Hans Wangenheim, Constantinople, 1915. Walking a few steps immediately ahead is Talaat Pasha, the Minister of Interior. Credit: Library of Congress, Henry Morgenthau Senior Collection.
