Eric Wilhite : An Italian Honeymoon: A Couple's Dream Trip Through Beautiful Italy before purchasing it in order to gage whether or not it would be worth my time, and all praised An Italian Honeymoon: A Couple's Dream Trip Through Beautiful Italy:

An intimately written travelogue of a honeymoon through Italy. Eric and Jennie aren't normal. They chase dreams and experiences. After a month of knowing each other, they flew to Mexico to explore the ruins and jungles of the Yucatan. A few months and they were married under a tree in the Great Smoky Mountains. For their honeymoon, the couple decided to train hop down the Italian peninsula, soaking in the history and culture of the land of romance, pasta and pizza. Join Eric and Jennie as they: -dip their feet in a Milanese fountain -hike by the sea in Cinque Terre -eat heavenly gelato in Florence -explore Siena's medieval back alleys -and nearly die of anxiety and heat stroke in the halls of the Vatican
