adventures with them. I wish that they would write more, even a compilation of their short excursions.

Join world travelers Bruce Junek and Tass Thacker on seven wild and exotic trips south of the border: bicycling through Central and South America; kayaking and swimming with whales in Baja; snorkeling with penguins in the Galapagos Islands; hiking through cloud forests in Costa Rica; and traveling by dugout canoe in the Amazon Basin. Whether they are running off with a Mexican circus family or staying in the rainforest huts of Cofan Indians, Junek and Thacker's unique personal interactions add a poignant human dimension to their travels. Volcanoes, Mayan ruins, nesting sea turtles, migrating monarch butterflies, monkeys and jaguars, "Andes to the Amazon" has it all!

About the Author Bruce Junek and Tass Thacker have spent their lives exploring the remote regions of the world. Bruce has also written "The Road of Dreams" about their twenty-six month bicycle trip around the world. Bruce and Tass support their adventurous lifestyle by speaking and giving slide presentations in schools.
