Ann Bancroft, Liv Arnesen : Ann And Liv Cross Antarctica before purchasing it in order to gauge whether or not it would be worth my time, and all praised Ann And Liv Cross Antarctica:

This story really helped us to grasp the immensity of the task to travel across the continent, and also told us a lot about the area itself. It made the facts about Antarctica easy to understand and enjoyable to read. I found the Kindle format looked a bit odd at first, not having seen the physical book, I thought there was something wrong initially. But the story was right, nothing seems to be missing, and the style turned out to be easy for children to read. A really good read! 0 of 0 people found the following review helpful. Great teaching book! By amika45 Beautifully illustrated and inspiring picture book for reading aloud to elementary students, this is an alternative "explorer" story about two women who crossed Antarctica on skis not so long ago! Leaves a lot of information out that might've made it more interesting for older students to read independently. 1 of 1 people found the following review helpful. An inspiration story for children By A. S. Donnelly I purchased this book after taking a couple of photography classes from the gentleman who illustrated it. I found it to be a good read which was nicely illustrated even in my adult years. I passed it along to siblings with children and they all enjoyed it. It is a nice inspirational story with historical significance. Highly recommended.

When Ann Bancroft and Liv Arnesen crossed Antarctica, more than three million schoolchildren worldwide were inspired by the achievement. For those young fans and for the millions of children yet to be touched by this amazing story, Ann and Liv Cross Antarctica chronicles the historic journey in words and beautiful oil illustrations. The book recounts how Ann and Liv made their dream a reality and shares the fascinating details of the trek: what they packed, what they ate, how they ice-sailed, and what they saw. As inspiring as it is educational, Ann and Liv Cross Antarctica

will appeal to schoolchildren everywhere.

"Inspiring...Chronicles [Ann Bancroft and Liv Arnesen's] historic journey." --Richmond Parents Monthly January 2004
