**Reise Knowhow : Antarctica 1:8,000,000 Travel Reference Map, waterproof, GPS-compatible, REISE** before purchasing it in order to gage whether or not it would be worth my time, and all praised Antarctica 1:8,000,000 Travel Reference Map, waterproof, GPS-compatible, REISE:

Antarctica 1:8,000,000 Travel Reference Map, waterproof, GPS-compatible, REISE This map is waterproof and tear-resistant, sheet size (size 100 x 70 cm / 39.5 x 27.5 in), with topographic and visitors information. Altitude colouring with contours (100 to 500 metres interval) and peak heights presents topography, colouring is also used for presenting the sea depth. Ice shelf and glaciers are also marked. Symbols show location of polar research stations, camps and shelters, penguin breeding colonies, airstrips and heliports, etc. Territorial claims of various states and routes of historical expeditions are indicated (e.g. Amundsens, Scotts). Map legend is in English, German, French, Spanish and Russian; high quality German cartography.
