BrownTrout Publishers Inc : Antarctica 2012 Square 12X12 Wall Calendar (Multilingual Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Antarctica 2012 Square 12X12 Wall Calendar (Multilingual Edition):

Antarctica Wall Calendar: The bottom of the world, if you will, Antarctica is a continent of glorious visions of frozen beauty. The world's record low temperature, -128 degrees Fahrenheit, was recorded here. Antarctica is actually a desert, as it receives less than two inches of precipitation each year, the same as the Sahara. Featuring icebergs, penguins, snowy mountains and more, this wall calendar of Antarctica offers a spectacular collection of sights from this arctic wonderland, and will delight the senses.
