**Hema : Antarctica, 47x39, Lam** before purchasing it in order to gage whether or not it would be worth my time, and all praised Antarctica, 47x39, Lam:

With their resplendent use of color, these maps are a tasteful addition to any home or office. Political information is boldly displayed in bright colors and ample type. But these beautiful maps are more than just color, they also show detailed relief with major physical features labeled. Unsurpassed in color use, this 47" x 39" laminated map of Antarctica is the perfect addition to any room. This map is not only aesthetically pleasing, but it is loaded with political detail. Features include: Cities, Country Borders, U.S. State Borders, Country/State/Provincial Capitals, Latitude/Longitude Lines, Physical/Terrain Shading, Bold colors for Land, Subtle Blue Ocean.
