Leila Merrell Foster : Antarctica (Continents) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Antarctica (Continents):

Explore Antarctica with large full-colour photographs and maps. Learn about the weather, and animals that live there. Find out if Antarctica is the coldest place in the world and if any trees grow there. Discover many fascinating facts and statistics about this continent. This book features a glossary and an index.

About the Author Leila Foster is a Heinemann Raintree author.
