Perfect for Your Home or Office!By windypoolI purchased this map to add some life to the gray, carpeted wall of the cubicle I live in from 9-5 each workday. Not only did it improve my own workspace but my coworkers seem to appreciate it, as well. I was hesitant to order a map from after reading negative reviews about several other maps that were damaged in shipping but this one was very well-packed and came in an especially sturdy box, with no damage at all.0 of 0 people found the following review helpful. American Map presents the best of yesterday and today. This elegant wall map looks like a valuable old museum piece, yet depicts the world of the 21st century. Factually up-to-date, this designer map is printed on parchment-look paper with graphics and coloration reminiscent of the finest antique cartography.
