I'm not aspects that surprised is a little book with ...By CustomerI'm not aspects that surprised is a little book with a huge environment selection of alternatives to learned. thank you Norma21 of 23 people found the following review helpful. An Amazing Book!By A CustomerThis is the best Arabic phrase book I have ever seen. It is good for people who have never had any experience with arabic or for people who have. This book is in the Egyptian dialect, which is a good one to know because it is widely understood. But if one already has some knowledge of Arabic there is also the standard form of each word given in the Arabic script, which is also covered. What makes this book so nice is that it is set up so the reader can actually learn the language instead of just memorize key phrases. The subjects covered are extensive and the dictionary is Arabic to English and English to Arabic. No matter what level of achievement is desired, this is the best book to help reach that goal with. This book is not going to give complete knowledge of the language, but it will give as much as a phrase book is able to considering it's size.1 of 1 people found the following review helpful. Nicely done.By Darren F. LeonardAll of the AT A GLANCE books in this series are excellent travel companions. Just enough material presented in an organized and compact manner to help you survive in an Arabic (or French, Spanish, Italian, or German) speaking country.

A great companion for international travelers in the Middle East, this handy, pocket-size bilingual At a Glance phrasebook is designed for those who lack time to learn Arabic but need common words and phrases to help them get around in an Arabic-speaking country. The phrasebook holds more than 1500 expressions that travelers need for making themselves understood in hotels, airports, train stations, restaurants, and other places they're likely to visit. The book also contains an additional 2,000-word bilingual dictionary, plus travel tips, driving tips, simplified maps of major cities, and more. Barrons publishes At a Glance phrasebooks in nine different languages.
