Stig Ryden : Archaeological researches in the highlands of Bolivia with 245 illustrations, 2 colour plates, 75 maps and two appendices before purchasing it in order to gauge whether or not it would be worth my time, and all praised Archaeological researches in the highlands of Bolivia with 245 illustrations, 2 colour plates, 75 maps and two appendices:

From the preface: The main purpose of the trip undertaken by me in south America in 1938 - 39 was to make archaeological investigations in the highlands of Bolivia. Of especial interest to me were the so-called Chullpa graves. For reasons revealed in the following, however, these investigations embraced other relics as well in the Bolivian highlands. The result of these investigations is presented in the work presented here.
