**Bockstoce John : Arctic Passages:A Unique Small-Boat Voyage in the Great Northern Waterway** before purchasing it in order to gage whether or not it would be worth my time, and all praised Arctic Passages:A Unique Small-Boat Voyage in the Great Northern Waterway:

5 of 5 people found the following review helpful. A unique way to travel the articBy Paul L. ComstockDr. Bockstoce provides an account of his historic artic journey in such a personal and inviting way that you are immediately on the trip without the discomforts. Not long into the book, I found myself his traveling companion. I constantly referred to the maps provided to see where I was as he described the scenes in such a vivid and personal manner. Aside from the travel adventure, Dr. Bockstoce provides a lesson in accomplishment that is extraordinary and consistent with the spirit of all explorers; stay focused and proceed with all strength, ingenuity, purpose, and integrity of the mission.A must read if you have a desire to slip away into another world and come back refreshed having made a new friend.
