After reading Ms Aspen's first book " Arctic Daughter" about ...By jsmAfter reading Ms Aspen's first book " Arctic Daughter" about her first trek into the Brooks range to build a cabin and live entirely off the land for two years, I had to have this book about her return 20 years later with husband and young son. Ms Aspen is a talented writer. She is very poetic in her descriptions of the beauty and the hardships she

encountered. A must read for anyone who enjoys outdoor adventure books!0 of 0 people found the following review helpful. Family bookBy Anna BeaversAn excellent stand alone book following her book Arctic Daughter. We read aloud a few chapters an evening. Jean writes and conveys the experience so well that I was actually shocked when we stopped reading today and I glance out the window and didn't see the snow capped mountains in the distance. High recommended for anyone who loves Alaska and/or real stories of people living out adventures.0 of 0 people found the following review helpful. I felt as if I was thereBy TravelinLightThe writer does an excellent job describing why they moved to the bush, how they coped with the trials of bush life, and the description was so good i could picture every detail in my mind.

In 1992 Jean Aspen and her husband, Tom, took their young son to live in Alaska's interior wilderness, building a cabin out of logs, hunting for food, and letting the vast, harsh beauty of the Arctic close in around them. While Jean had faced Alaska's wilderness before -- in a life-altering experience she chronicled in Arctic Daughter -- this journey would be different. Dogged by sickness and hardships, cut off from the rest of the world, her family faced not only a test of endurance, but of its own well-being and survival....From a daily struggle against the elements to an encounter with a grizzly bear at arm's length, from moments of breathtaking beauty and self-realization to a harrowing, six-hundred-mile river passage back to civilization, Arctic Son chronicles fourteen remarkable months in the Arctic. At once a portrait of courage and a heart-pounding adventure story, Arctic Son portrays a family's extraordinary journey into America's last frontier.
