It is tear resistant--which is really nice when you are opening and closing it many times.0 of 0 people found the following review helpful. Best map of ArgentinaBy Vanessa LeeI used the map on a trip and it came in very handy. It clearly showed all the country in large scale 1:2,200 000. All the road in the map very current. It is plastic paper. I and my husband very love this map.

Water proof paper.
