Zagier, Pablo Curti, Sergio Zagier : Argentina/Bolivia/Brazil/Chile/Paraguay/Uruguay Super Atlas before purchasing it in order to gauge whether or not it would be worth my time, and all praised Argentina/Bolivia/Brazil/Chile/Paraguay/Uruguay Super Atlas:

1 of 1 people found the following review helpful. Excellent road guide By Daniel BPT This is an excellent road guide for Chile and Argentina (maybe the best), very accurate distances. Cities and some geographic aspects like lakes, parks and mountains. I can't say the same for the Brazilian part of it, many roads are not available. Don't expect to find hotels, restaurants and attractions from this atlas since it's specialized in maps. 0 of 0 people found the following review helpful. Very good !! By atacama79 Very complete set of maps. Maps in this scale are untraceable in Europe. An indispensable book for the travelers in Argentina. By pierreb from France ! 0 of 7 people found the following
