Excellent product, much better than local maps. Clear to read and full of details. Even in full gps area, this map is a valuable piece of information. I traveled the country by motorcycle and found this one the most accurate I've seen.

Very clear and detailed. Just what one has come to expect from Michelin guides. It will be a big help on my upcoming trip.

Renowned for over 100 years for their clear, accurate and easy-to-read mapping, Michelin country maps give travelers an overall picture of their route, with practical road and travel information; and city maps containing extensive street indexes orient them quickly so they can find their way to their destination.
