ITM Canada : Argentina South Tierra Del Fuego Travel Map 1:2.2M / 1:750,000 (Itm) [Map] before purchasing it in order to gage whether or not it would be worth my time, and all praised Argentina South Tierra Del Fuego Travel Map 1:2.2M / 1:750,000 (Itm) [Map]:

We have switched focus from Northern Argentina and Buenos Aires to Southern Argentina and Tierra del Fuego. This long stretch of South America s second largest country lies beside Chile and is home to many whales and sea lions watching sites. Throughout this long strip of a combination of mountains, seas, and forests, tourists will find this land to be unique and natural. On the other side of this map and at the very end of the two countries sits the famous Land of Fire island, Tierra del Fuego. This triangle shaped island is both part of Chile and Argentina and has been a desirable tourist destination. We have also included an inset map of Ushuaia, the southernmost city in the world that is closest to the South Pole.
