**Charles Berlitz : Around the World in 80 Words** before purchasing it in order to gage whether or not it would be worth my time, and all praised Around the World in 80 Words:

2 of 2 people found the following review helpful. Easy Way to pick up Words for ravelBy Carol A. SkidmoreI have two copies of this book actually. The first copy I bought at Barnes and Noble. When I tried to purchase another copy, I could not find it anywhere so I went to . always comes through for me.One copy of the book is for me to use.I am

trying to learn German and Magyar for a trip in Dec. The other copy I loan out to friends who are traveling. I make flash cards with the each word and write the phonetic spelling to help my pronunciation. I have used the book to learn French and Italian in the past. I find the book extremely helpful. Sometimes I use the book in conjunction with tapes or CD's When I travel,I find the people I meet very friendly and hospitable when I try to speak even a few words in their language. I rate this book as a 5 star. Advice reader: Realize you must practice, practice, and practice. That means lots of repetition. Good Luck!1 of 1 people found the following review helpful. A Practical Travel BookBy Frank DickeyIf you're a traveler, you need to communicate. But, let's face it, you can't learn every language. I like this book because it gives you basic communication ability in 25 key languages. Who couldn't use that?It gives you the word in English, then the word in their language and script (so you could read a sign or store front), then a pronunciation (so you can make a reasonable stab at saying the word). It covers things like telling time and introducing yourself, too.I think it is a practical, user-friendly book.

The 80 Key Words You Need to Communicate in 25 Languages From world-famous linguist Charles Berlitz, the only phrasebook you'll ever need! In this highly accessible volume, you'll find 80 key words you'll need to communicate in 25 languages, along with easy-to-understand explanations on how to pronounce them. Each language chapter offers the 80 key words; instructions on how to tell time; numbers from 1 to 1,000,000; and common colloquial expressions. Written in his inimitable style, Charles Berlitz's latest book will enable readers to speak Swedish in the morning and Swahili at night--and everything from Turkish to Thai in between. Around the World with 80 Words is a delightful and practical new language guide from the acknowledged international master--an absolute must for both the world and the armchair traveler.
