I was totally unfamiliar with the area and looking to read up on it. In searching the book stores I couldn't seem to find anything with more than a page or two talking about Cabo. Then I found it... the PERFECT guidebook-- "Cabo - La Paz to Cabo San Lucas". I can't even begin to tell you how helpful this book has been to me. It helped me choose a hotel on my first visit, a condo for my second visit,

beaches to dive at, places to pick up groceries, etc. If it's in Cabo, it's in the book! The funny thing is that book has made many more trips to Cabo than I have! It travelled down there with my dad his wife, it visited with my friend's parents, and it even went on a honeymoon down there with a couple from my church! Everyone raves about the book when they return. If you're going to Cabo, this is the only book you'll need for everything you'll want to know!0 of 0 people found the following review helpful.
