National Geographic Maps - Trails Illustrated : Cache La Poudre, Big Thompson (National Geographic Trails Illustrated Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cache La Poudre, Big Thompson (National Geographic Trails Illustrated Map):

0 of 0 people found the following review helpful. Five StarsBy PaulLove these maps.

Waterproof Tear-Resistant Topographic Map Outdoor enthusiasts looking to enjoy the recreational opportunities just east of Rocky Mountain National Park will find National Geographic's Trails Illustrated map of Cache La Poudre and Big Thompson an essential travel companion. Expertly researched and created in partnership with the U.S. Forest Service and others, the map covers parts of the Roosevelt National Forest, including Cache La Poudre River and Wilderness, Big Thompson River and Canyon, Lake Estes and Bulwark Ridge. Get off the beaten path and back on again by following the map to clearly marked trailheads and then along trails, marked according to their designated usage, including trails which are part of the National Recreation Trail system. Also shown are Forest Service roads, many of which serve as ATV trails. To aid in your navigation, the map includes contour lines, elevations, labeled peaks and summits, water features, areas of wooded cover and color-coded boundaries between different land management organizations. Some of the recreational points of interest are campgrounds, interpretive trails, fishing areas, boat launch points and picnic areas. The Cache la Poudre Scenic Byway is marked for those who are interested in taking in the scenery by car. Every Trails Illustrated map is printed on "Backcountry Tough" waterproof, tear-resistant paper. A full UTM grid is printed on the map to aid with GPS navigation. Other features found on this map include: Cache La Poudre Wilderness, Roosevelt National Forest. Map Scale = 1:40,680 Sheet Size = 22" x 32" Folded Size = 4" x 7.5"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
