**Gecko Maps : Cambodia** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cambodia:

Clear and accurate mapping of Cambodia at a scale of 1:750,000 ( 1 inch to 12 miles), showing roads and trails, railways, airports, ferry routes, temples and other points of interest. Vegetation and relief are indicated by shading. The map includes detailed street maps of Phnom Penh and Siem Reap as well as regional maps for the Angkor Wat, Sihanoukville and Ream National Park.
