This map revealed several key cut throughs saving me time and miles to many of Nova Scotia's hidden jewels. Durable material made this map my "go to" reference on a recent 3,500 mile trek3 of 3 people found the following review helpful. BIG mapBy UmlautThis is a huge map and difficult to handle, but all the info is there and seems accurate. No worse than any road map because if it were any smaller, you couldn't read some of the type at all. Folds nicely.6 of 6 people found the following review helpful. Wonderful planning mapBy Lady in LouisisnaTook a tour and used this map to see where we were going and to get the lay of the land. Large size and may be difficult to use in a car. However, there are not too many maps available for the area.

This is very detail map for 3 province Nova Scotia, New Brunswick and P.E.I. Included inset of Halifax and Sydney City.
