**National Geographic Maps - Adventure : Canada West (National Geographic Adventure Map)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Canada West (National Geographic Adventure Map):

3 of 3 people found the following review helpful. Good detail of major roads in Yukon and mountain rangesBy D. J. MasonThis is a two sided map. One side is mainly of British Columbia and the other of the Yukon and Northwest Territory. Good detail of major roads in Yukon and mountain ranges, but nothing shown of smaller, less traveled roads. Also, very little information concerning the NW Territory.0 of 0 people found the following review helpful. Five StarsBy DR DF LarsNot as good as a topo map but showing the main roads. well done.0 of 0 people found the following review helpful. Four StarsBy Albert L TraziLooks great.
