The new 6th edition of the bestselling Canadian Oxford World Atlas has been completely revised and updated to reflect the significant changes in the world today. It features the recent 2007 census data from Statistics Canada, increased satellite imagery, expanded coverage on climate change, fisheries, endangered species and more. Bright, clear, and easy-to-read maps of Canada and the world are presented in full colour throughout. New to this edition is the Look Forward/Look Backward icon which allows readers to easily find more information on a topic if it appears on another page. Completely Canadian and packed with brand new content, the sixth edition of the Canadian Oxford World Atlas brings this landmark reference book completely up to date.
