Hamish Brown : Canals Across Scotland: Walking, Cycling, Boating, Visiting before purchasing it in order to gauge whether or not it would be worth my time, and all praised Canals Across Scotland: Walking, Cycling, Boating, Visiting:

0 of 0 people found the following review helpful. scottish canals By G.I. Forbes This is the authors companion volume to "Exploring the Edinburgh and Glasgow Canals" which deals with a similar subject. This book describes the Forth and

Clyde canal, the Union canal and the little known Monklands canal. In addition the author deals with adjacent country parks and the Roman wall. There are 7 excellent maps but the one on page xxix +defeats me. This second edition (first 1997) is well written and researched and an essential if you are walking along the canal towpaths.

Canals Across Scotland The canals are for leisurely, timeless exploring during any season and this updated guide will be an essential companion. Normal 0 false false false EN-GB X-NONE X-NONE

'...a useful guide...but it's also an enjoyable read. ...the author entertains readers with fascinating snippets of local history... The 2015 edition brings the story up to date'. Canal Boat ----- 'One of the great strengths of the book is that eight of these chapters explore the towns, countryside and Antonine Wall along the route of the canals. ... Hamish gives us many insights into local heritage'. Canal News ----- 'This excellent book, written passionately, entertainingly and informatively by Scottish canals expert, Hamish Brown, is a must for visitors to the Union and Forth and Clyde Canals. ...a very readable and lively text which captures the atmosphere of the canals perfectly...' Towpath Talk ----- '...an easy read... It is beautiful illustrated with both modern and historical photos, with appendices offering practical information. ...is also well suited for boaters wanting to explore away from tiller'. Waterways World ----- '...this welcome book brings it all up to date'. Canoeist ----- '...this excellent guidebook will be invaluable to canal users'. People's Friend ----- '...a perfect companion to the canals, allowing visits to be planned and to be enjoyed to the full. ...the book is full of fascinating historical background, descriptions, stories, and practical information. It is copiously and beautifully illustrated... an ideal book for anyone who likes their walks (or cycle rides) flat rather than hilly!' Undiscovered Scotland About the Author Hamish Brown is one of the most respected authors and photographers for his two great loves - Scotland and Morocco. His books include Hamish's Mountain Walk, Three Men on the Way Way which features the Corbetts, the Fife Coast and the West Highland Way. He has also edited volumes on Tom Weir and Seton Gordon, Seton Gordon's Scotland and Seton Gordon's Cairngorms and The Mountains Look on Marrakech tells of traversing the Atlas Mountains end-to-end.
