**From Hippocrene Books : Cantonese-English/English-Cantonese Dictionary Phrasebook** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cantonese-English/English-Cantonese Dictionary Phrasebook:

2 of 2 people found the following review helpful. Practical Cantonese for those who need some brushing up  
By C. Leung  
This book is a very good overview for those who need a solid dictionary with phrases on your travels to Hong Kong, southern China and wherever Cantonese-speaking populations reside. The only thing I didn't like about this phrasebook is that it doesn't list common animal names (dog, cat, etc.) and there are some spelling errors. Otherwise, if you are familiar with the language and speak and/or understand about 20-30% (like me,) then you will be able to make by with studying and using this useful guide!  
0 of 1 people found the following review helpful. Nice large print  
By Carl Milovanovich  
The print in this book is a good size for easy reading however it does not cover a lot of very basic words and the basic phrase section is very limited...the lonely planet one is much better in content however the print in that one is too small  
0 of 1 people found the following review helpful. Five Stars  
By Andrew Park  
I gave it as a gift to a Chinese friend.

Cantonese is an official language of Hong Kong and Macau, and the dominant dialect of Chinese spoken in the province of Guangdong. Spoken by nearly 60 million people worldwide, it is understood by much of the Chinese diaspora population across the world and rivals Mandarin as the lingua franca of south China and ethnic Chinese living abroad. Unique among all the Chinese dialects, Cantonese also has a writing system that is distinct from Mandarin Chinese and makes use of characters generally not understood by non-Cantonese speakers. Contains 4,000 dictionary entries, and each entry includes Cantonese characters and intuitive phonetics. Also provides concise grammar and pronunciation sections.
