The Cape Cod Adventure Set consists of a Pocket Naturalist Guide and National Geographic Map. These are ideal, lightweight references to take hiking, driving or boating through this spectacular region. Waterford's folding pocket-sized Cape Cod Seashore Life guide is a beautifully illustrated reference to over 140 familiar and unique species of animals and plants and includes a map of prominent seashore sanctuaries. National Geographic's Cape Cod Coastal Recreation Map is a waterproof, tear-resistant map to the region that provides detailed information on roadways, waterways, beaches and points of interest along the coast.
