Never ever been there so I needed a reliable atlas of Cape Cod because we were planning to explore much of the Cape as we could. It was really helpful. I don't trust GPS systems because we had one that conked out on us before up near Boston right in the middle of trying to get back to our hotel about 45 minutes away. Thank Goodness I had printed out directions and had maps. If you plan on ever visiting Cape Cod, this atlas will help.~8 of 10 people found

the following review helpful. Spiral bound Cape Cod map By SherIt is awesome and I think anyone traveling should pick one up because there is nothing that compares except maybe GPS!

The Cape Cod Street Atlas covers Martha's Vineyard, Nantucket, and Southeastern Massachusetts. This atlas is fully street-indexed, and features separate maps for each community, with historic community information. Maps indicate places of interest, shopping centers, community statistics and beach information. This atlas also contains a golfing directory. At home, at work, or on the road, our atlases are a driver's best friends. Accurate, up-to-date and easy-to-read, street atlases provide convenient, clear reference for navigating close to home or points unknown.
