The directions to various places were terrible and the restaurants very out of date. Plus, it described some beaches as lovely that were awful. I will definitely not use it again. 3 of 3 people found the following review helpful. This book is Priceless! By Scully Hudson Even though I had been traveling to Cape Cod every summer for 25 years and thought I had seen it all, this book opened up a whole new world for me. There is something for everyone here, plus all of the hidden gems that are uncovered in each town. Not only is the author a good researcher and reporter, she's an excellent writer as well, which is part of what sets this book apart and makes it so enjoyable. My regret is that I didn't find it sooner; it could've changed my last decade.
