Information is too brief to be of much use for decisions, but it does provide contact information.0 of 0 people found the following review helpful. PatheticBy JDRThis so-called campground guide lists perhaps 10% of existing campgrounds and gives a price range for only a tiny fraction of those. It's a waste of money.

Fully updated for 2011, this extensive European camping guide offers information on more than 3,500 sites in Andorra, Austria, Belgium, Croatia, Czech Republic, France, Germany, Greece, Hungary, Italy, Luxembourg, Netherlands, Poland, Portugal, Romania, Slovenia, Spain, Switzerland and Turkey. Each country in the guide is divided into regions so that you can easily find the sites in your chosen holiday area. There is essential European motoring information including speed limits, motoring law and required equipment, and fully updated contact information including website and email addresses where available.
