**From Brand: Chambers : Chambers Dictionary of the Unexplained** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chambers Dictionary of the Unexplained:

0 of 0 people found the following review helpful. Textbook of the paranormalBy Angela D. PenlandOrganized like an encyclopedia, very thorough. Big book.1 of 1 people found the following review helpful. Excellent Resource for Your ResearchBy J. HauckReview of: Chambers Dictionary of the Unexplained.This book is simply a wonderful asset in terms of defining everything unexplained from "Acronymics" to "Zagun, Eleonore," and everything in-between. There are hundreds of illustrations and more than 1,300 carefully researched entries that shed light on all of the delicious diverse and controversial subjects such as cryptozoology, folklore, fringe science, ghosts, UFO's, and witchcraft (among many others). Well done. Five stars without hesitation or reservation.1 of 1 people found the following review helpful. Great dictionary on the supernatural and the paranormal!By Dex CottonAmazing dictionary on the paranormal and the supernatural. Before I bought my own copy I was constantly checking this out of my local public library.

Chambers Dictionary of the Unexplained is a fascinating and illuminating book, and an essential reference for anyone with a serious interest in unexplained phenomena. Written in consultation with leading figures in the relevant areas of study, it contains carefully researched, in-depth and balanced entries on topics ranging from alien abductions to the zodiac.

It is a chunky volume and a well made book, a thing of beauty in its own right, with easy on the eye text and plenty of illustrations... it is ideal as a gateway book, that invaluable first port of call for any investigation of the paranormal, supernatural and related matters. There's also, as with many reference books, a sense of the serendipitous about it, a combination of the very things you expect to find and some that maybe you don't, the volume casting a wider net than the scope of your enquiry may have allowed and delivering up intriguing if unexpected pieces of information, as for instance in the entries for 'H.P. Lovecraft' and 'The Necronomicon'. (Black Static #4 20080409 )It is a catalogue of the inexplicable, an A-Z of mystery... It is a pleasure to immerse oneself in a book which, on almost every page, throws up something of peculiar interest. (Jon Barnes, Times Literary Supplement 20080321 )About the AuthorThis internationally renowned reference publisher continues its celebrated tradition of excellence into the present day with such informative and authoritative works as the Chambers Crossword Dictionary, Chambers Encyclopedia, Chambers Biographical Dictionary and the all-new Chambers Dictionary of Quotations.Chambers is based in Edinburgh, as it always has been, and employs editors with a wide range of skills on dictionaries and other titles for a variety of users, including students and teachers of English as a foreign or second language. As well as the core business of publishing dictionaries and thesauruses, Chambers also publishes a range of titles on grammar and usage, single-volume reference titles on science, history, biography and quotations, as well as titles for Scrabble and crosswords.
