As a Californian it helped me understand how it is as a surfer on the east and gulf coasts in hurricane season. Very engaging writing style that draw you in. A hard book to put down!0 of 0 people found the following review helpful. Really good read.By BryanBeing from the East Coast, this book makes me want

to chase a hurricane and some different sides of the coast you don't always see. Really good read.0 of 0 people found the following review helpful.
