Definitely a more humanistic side is examined, and it satisfied my interest in more about the "behind the scenes" of the Tour. Reading Mr. Dugard's articles during the 2006 Tour were similarly incitefull and prompted me to read his book which was equally educational and entertaining.0 of 0 people found the following review helpful. LanceBy 2cbayhorseEven in light of current litigation this book is a grat read about the tour and the endurance it requires to compete.

A unique combination of travelogue, humor, and insider cycling critique, "Chasing Lance" brings into focus the entire Tour de France experience. 8-page photo insert. 2 maps.
