for getting introduced to Miami. I love all the insider details about the places in Miami. The book is broken out into easy to follow sections by interest and/or activity. 3 of 3 people found the following review helpful. Everything you need for frugal fun in Miami By Bennett A. Bramson I started reading this on Friday, November 5 and was enthralled. Finished it over the weekend. This is phenomenal. Everything you ever need to know about inexpensive living in, and visiting Miami. She even has one of my favorite "all you can eat sushi" restaurants, that we hesitate to tell people about because it is SO good and they'll get too busy. LOL What a wonderful addition to any personal library! Her other book, MTV Roadtrips USA, is another winner. Can't wait for her upcoming book: The Insider's Guide to Miami. 0 of 0 people found the following review helpful. One Star By Ed Vidal, Miami, Florida Too much junk!
