**Lauren Markham : Cheap Bastard's Guide to San Francisco: Secrets Of Living The Good Life--For Less!** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cheap Bastard's Guide to San Francisco: Secrets Of Living The Good Life--For Less!:

5 of 6 people found the following review helpful. The Cheap Bastard's Guide to San Francisco, 2nd editionBy Terri

MerrittsSan Francisco is MY city so I try to read books that come out about the city, including travel guides, newcomer's guides, and books like this one that tell you the "secrets of living the good life-for less." This is the second edition of this book and was published in 2011. This book certainly does not disappoint when it comes to sharing those secrets for living the good life in this supreme city and doing it for less. The perception that San Francisco is only for the rich or that those without a Donald Trump income can't live well here is a myth and Lauren Markham has gone a long way here towards proving it. As the author says- "Think you have to earn big bucks to live big in the City by the Bay? Think again. San Francisco is full of free and ridiculously inexpensive stuff-you just need to know where to look." The author clearly knows where to look. Chapters cover where to enjoy free or cheap theater, movies, dance performances, live music, outdoor concerts, comedy, food, hair care, spa, kids amusement, clothes, household items, books, records, exercise, fitness services, education, gardens, and much, much more. This book is a treasure trove for anyone living in, moving to, or just visiting San Francisco. Even free and cheap health care is covered! Full contact info is given with each listing and the author is so friendly, it feels like you are having a conversation with a knowledgeable friend rather than just reading a book. The cover art is exquisite and includes a view of the Golden Gate bridge at the top and a view of the downtown skyline behind some of our famous "painted ladies" (Victorian houses). If you want to enjoy living in or visiting San Francisco the way a savvy native should, you will want this excellent book. 0 of 0 people found the following review helpful. Five Stars By Frank It helped save me a lot of money on my short trip to an expensive city.
