Nicholas Awde : Chechen-English/English-Chechen Dictionary Phrasebook (Hippocrene Dictionary and Phrasebook) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Chechen-English/English-Chechen Dictionary Phrasebook (Hippocrene Dictionary and Phrasebook):

0 of 0 people found the following review helpful. Five Stars By iRod Very well put together foreign language dictionary. I only buy from this publisher now! 3 of 3 people found the following review helpful. Great Pocket Dictionary By J. Ouellet So I was writing a term paper on the history of Chechnya, I decided to pick this up, because a large portion of the sources were in Chechen. This is a very good book to have. Its simple to use and has a very good vocabulary. As well as the dictionary portion in the front is a simple to use explanation of the language. Even more useful is the phrasebook in the back, which gives you a lot of really good phrases that you might use if you were in Chechnya. And to top it all off the price is excellent (the company sells a lot of other similar books for very similar prices). This book will not allow you to speak Chechen fluently, but it is the only one of its kind and I highly recommend it for anyone who studies languages, or who has any dealings with the Chechnya. 0 of 0 people found the following review helpful. The only book so far By Hunyadi I think this is the only Chechen dictionary and phrasebook out there. It is standard Nicholas Awde layout with helpful. Recommended.

The aim of this dictionary is to assist the student or traveler in expanding his or her knowledge of the language and culture of Chechnya. It includes: an introduction to basic grammar; pronunciation guide; the Chechen alphabet; Chechen to English and English to Chechen dictionary; and a Chechen phrasebook featuring all topics a visitor to Chechnya needs to know, including time of day, dates, transportation, money, communication services, maps; and much more.
