**P. L. Strazz** : "Chicago Mountain Bike Trails Guide" before purchasing it in order to gage whether or not it would be worth my time, and all praised "Chicago Mountain Bike Trails Guide":

12 of 12 people found the following review helpful. Excellent. Loaded with great info on area trails! By A Customer I've seen other books that portend to contain info on Chicago-area trails, but this is the only one when it

comes down to trails for mountain bikes, including nearby trails in Indiana, Wisconsin and Michigan. The maps and photos are incredible. A must read for any Chicago-area mountain bike owner. I highly recommend it. 5 of 5 people found the following review helpful. The only guide worth having. By A Customer I started mountain biking in the last couple of years and I have to say that my horizons were definitely broadened with this book. i've been to about one fifth of the featured trails and looking to get about halfway through by the end of the year. 4 of 15 people found the following review helpful. A Must Read. By A Customer This book has simply changed my life. After reading it, I now eat better, sleep better and make more money. I have also heard that I'm now more attractive, but that remains to be seen. Strazz is a master with the written word, his tales will titillate for hours on end.

A dirt-lover's escort to the best off-road bicycle trails in northeastern Illinois, southern Wisconsin, northern Indiana and southwestern Michigan. Expanded third edition.
