Dorling Kindersley : Chile Easter Island (EYEWITNESS TRAVEL GUIDE) before purchasing it in order to gage whether or not it would be worth my time, and all praised Chile Easter Island (EYEWITNESS TRAVEL GUIDE):

0 of 0 people found the following review helpful. Chile Essentials By Randall R. Scott We wanted a travel guide that covered Santiago primarily, followed by some details on ports in Chile that a cruise ship was going to stop at. This book exceeded our expectations for Santiago. There are details on local transportation including shuttles to and from the airport as well as detailed street maps with metro stops included. All top attractions, as rated by TA, in the city are included. Of value to us was the coverage of the Casablanca Valley area with suggested wineries and a map of most of the valley. Less details are available for the other ports such as Puerto Montt and Punta Arenas. Chile is a large country but this guide seems to have something for most of the areas. We are happy to have it in our arsenal of information.

1 of 1 people found the following review helpful. All you want to know about Chile for travel to this diverse landscape. By Catrina I bought this to research for clients but they ended up taking a cruise. No need for it. I like the DK books so much I buy them whenever I find they are newly published. As a travel agency owner, I feel strongly the need to use a guide book that is copyrighted in the same year I am planning the client's trip for ..not ten years old. It is getting harder and harder to find what I need because of so many details being online. I always recommend this series to my clients as well and offer my older versions for free to them. Thank you D K for all these beautiful guidebooks over the years. May you continue to produce them frequently.

Let this lavishly illustrated guide whet your appetite and show you the best that Chile has to offer - with cutaways and floor plans of all the major sites, tours of the spectacular national parks, and the majestic sights of Rano Raraku on Easter Island. Sample the flavor of the country region by region, with full-color detailed maps of towns and regions and comprehensive listings of hotels and restaurants. Sights, markets, and festivals are listed town by town, from a boutique hotel in Valparaiso to a wine tasting tour in the Casablanca valley. And with a section on the many outdoor activities that Chile has to offer, this is a guide not to be missed.

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." Chicago Tribune "The best option Color photos, maps, and diagrams bring the place to life." The Philadelphia Inquirer
