**Ben Box, Chris Wallace, Anna Maria Epsäter : Chile Handbook, 7th (Footprint - Handbooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chile Handbook, 7th (Footprint - Handbooks):

this guidebook By Hamish Barney Don't buy this if you want a comprehensive guide to Santiago. I was a bit disappointed with this guidebook. I have the Footprints guide to Brazil and found it very good so I bought this for a recent trip to Santiago. Unfortunately, this book does a bad job of giving much direction in Santiago. This might be a fine book for traveling around the rest of Chile, but if you're looking specifically for information about Santiago, you should probably look elsewhere.
