Juan Pablo Gardeweg : Chile Touristic Road Map. Scale: 1:1.300.000 before purchasing it in order to gage whether or not it would be worth my time, and all praised Chile Touristic Road Map. Scale: 1:1.300.000:

Complete Road Map of Chile, printed on both sides on a scale of 1:1.300.000, which means that 1 cm equates to 13 km. Printed on Stone Paper, ecological mineral paper that doesn't require trees, water or chemicals to be produced, as well as being very resistant, recyclable, waterproof and anti-reflective. It was constructed using a base made by Chile's Military Geographical Institute, showing all main routes and roads. It includes an index and a grid which helps locate the regional capitals and municipalities in Chile. It comes in a transparent rigid bag that can be reused. Extended size: 100 x 70 cm (39 x 27.5 inches)
