Eric Hamovitch : Chile, Travel Guide (Ulysses Travel Guide Chile) before purchasing it in order to gage whether or not it would be worth my time, and all praised Chile, Travel Guide (Ulysses Travel Guide Chile):

2 of 3 people found the following review helpful. A good book, but why not more adventure? By ParYeah, this is basicly a guidebook that has what you expect from it. All the adresses, numbers, maps etc etc. But why not more? Nothing to blame the guys fore but I would like to have more information about skiing, about trekking, about kajaking

and that kind of stuff. Still, buy it! It's a good book.

Chile offers a marvellous array of landscapes, from spectacular beaches to mighty glaciers. Follow Ulysses along the Cordillera, and out to mystical Rapa Nui or Easter Island. You'll also stop in Santiago, on your way to Cape Horn.
