Cartographer Pilar Cereceda : Chilean Wine Regions Map before purchasing it in order to gage whether or not it would be worth my time, and all praised Chilean Wine Regions Map:

The first comprehensive detailed map of the wine growing regions of Chile from the Limari Valley in the North to the Malleco Valley in the South. In addition there are colour photographs and more detailed maps provided for the nine

most notable regions; Aconcagua, Cachapoal, Casablanca and San Antoino, Colchagua, Curico, Itata Bio Bio and Malleco, Maipo and Maule valleys. Short essays on the climate, terroir and topographical quality factors provided. Each map shows the location of the major roads and winery locations.
