National Geographic Maps - Reference : China Executive [Tubed] (National Geographic Reference Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised China Executive [Tubed] (National Geographic Reference Map):

National Geographic's Executive style map of China is one of the most authoritative maps of the country. Coverage also includes bordering areas of neighboring countries, the entire Korean Peninsula, Taiwan and some Japanese Islands along with the East and South China Seas. This map features thousands of place names, including primary and secondary towns, accurate boundaries and clearly defined international borders, transportation infrastructure such as airports, highways and railroads and the Great Wall. Physical geography details include shaded relief and cartographic patterns are used to depict glaciers, sand and swamps. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:7,804,000 Sheet Size = 30.25" x 23.5"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
