**Philip Yungkin Lee : Chinese in a Flash, Vol. 1 (Tuttle Flash Cards)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Chinese in a Flash, Vol. 1 (Tuttle Flash Cards):

Great Set For Inventory Of Gaps In VocabularyBy JWThese sets are perfect for building and confirming vocabulary at various levels of desired proficiency. We used these for my daughter who had vocabulary gaps that kept her from progressing to higher reading levels and was otherwise impossible to root out which key words were missing. Glad to finally find something with simplified characters. The only caveat was that the audio CDs do not work on any of our CD players. But the cards alone are valuable enough to make the purchase

The included ring is a little bit awkward, in that the jointed section is too big for the hole in the cards. But, oh well. The cards themselves are excellent. Each character includes "brush strokes", traditional character version (if applicable), and example sentences.0 of 0 people found the following review helpful. that is wonderful. One of the best purchases for learningBy BIt has 349 cards, each card has pinyin, character, writing order, radical, idioms of this character. A little card has so much content, that is wonderful. One of the best purchases for learning.

Whether on a train from Beijing to Shanghai or sitting under a tree in Berkeley, you can be practicing your Chinese with this quick and easy-to-use set of flashcards. Chinese in a Flash Volume 1 has a full range of features to help beginners and intermediate learners through character recognition, vocabulary recognition, revision, and testing. It includes indexes by radical, stroke count, and alphabetically by pinyin romanization.
