...By Katharine Hepburn Tones are so important in the Chinese language- more than pronunciation of consonants and vowels. To omit them renders the book useless. I went through the vocabulary and phrases which were fine, but no tones. How could somebody fluent in Chinese think he could sell a book without using tones???

Next time someone asks if you know how to speak Chinese, you can say *Wo zhidao* (Waw jr-dow). * With Chinese in Plain English, you can speak Chinese in no time!
