Jane Mundy : Cholas in Bowlers: Journey to Bolivia before purchasing it in order to gage whether or not it would be worth my time, and all praised Cholas in Bowlers: Journey to Bolivia:

Jane Mundy had barely heard of Bolivia, a country that seldom makes the headlines. The only images she had were of people rioting in the streets over the downfall of yet another government, and of the indigenous women, called 'cholas', who get around in funny bowler hats. But less than six months after meeting Graham, a man who shared her own restless urge to escape everyday routines and live more dangerously, she had packed up her life and taken off with him

to this most intriguing of South American countries. 'Cholas in Bowlers' is the vivid account of Jane and Graham's adventures set against the backdrop of their fledgling relationship.
